

CBA Scholarship Application

A CBA Scholarship provides support for attending a class at an established Blacksmithing or Crafts school. For a scholarship, CBA generally pays the school directly. If you have paid fees to the school before CBA funds the scholarship, you will usually be able to get these funds returned by the school up to the dollar amount of the CBA funding. Note that CBA Scholarships are not free money, we expect you to pay it forward by teaching some of what you learned to the CBA membership either at an event or by writing a focused how-to article. Provide as much information as you can. The more you provide the more likely you will be funded. Send this form as an attachment to an email to grants@calsmith.org. If you have questions, the Grants and Scholarships Committee is standing by to help. But try to provide as much of this information as you can with your question.
